

Homebound Delivery Program

U.S.S. Liberty Memorial Public Library

Phone: 262-375-5315

What is the Homebound Delivery Program?

- **If you are homebound, you can have library items delivered to your home for free.**
- **We will set up a delivery schedule. Every two months, one of your volunteers will bring you library items.**
- **Items will be checked out on your library card. The card will be kept at the library.**
- **With your help, we will create a reader profile that will reflect your reading and listening interests. This will assist us in selecting suitable items for you.**
- **You will be able to checkout large print or regular print books. You will also be able to check out books on cassette and books on CD.**

For more information, call the library and ask for the Director.

We look forward to serving you!
